

A VISION FOR FINANCIAL STRENGTH

Contesting for TKC Treasurer

VIVEK N

(Contact details: Email: vivek.reddy2@gmail.com, Mobile: 9844068940)

Dear TKC Members,

My name is Vivek N, and I am contesting for the position of Treasurer of our club. I would like to share my vision, contributions, and reasons for seeking your valuable support.

1. My Vision as Treasurer

If elected, I will be committed to the following financial priorities:

To maintain transparency by providing accurate and timely financial reports.

To ensure the financial health of our club by creating and maintaining sufficient financial reserves.

To explore new avenues of revenue generation, to build a corpus with no extra cost to members, and will strive to increase the profitability of all sectors in the club.

2. My Past and Current Positions at TKC

Chairman – Canteen (2021–2023).

Chairman – Canteen (2023–Oct 2024).

Chairman – Library & IT (Oct 2024–Present).

3. Key Achievements

As Chairman – Canteen (2021–2023), I initiated a change of caterer (Arjun Caterers), which significantly increased turnover. I also restructured the catering contracts from a rental to a revenue-sharing model, increasing revenue nearly fourfold. During this period, I was instrumental in setting up the TKC A/C restaurant within the allotted budget. Introduced Delightz cafe and the CCC coffee shop.

During my second tenure (2023–Oct 2024), I introduced the Karavalli seafood vendor, bringing greater variety and quality to the club's dining options. Played a pivotal role in bringing Sherlock's

to our club, which not only offers members a premium dining experience at reasonable prices but has also significantly increased club revenue. Supervised and ensured excellent catering arrangements for the Club day and all club events held during my tenure. Instrumental in setting up the AC restaurant within a limited budget during my first tenure. Introduced brunch on Sunday at Sherlock's and a Wednesday buffet @ ₹299 in the TKC A/C Restaurant.

As Chairman – Library, IT & Children's Park (Oct 2024 to present), I have ensured the availability of the latest editions of leading magazines and books, procured nearly 50 new books and novels based on member suggestions, and successfully inaugurated a new library with a dedicated Wi-Fi connection during my tenure.

Organised health camp through Kanva Diagnostics for the benefit of members, their families and staff.

To enable single billing and upgrade our club software, I have already obtained an estimate from the vendor, which was also approved in the MC meeting, and implementation will take place after the elections.

4. Reason for Contesting

The club has poor and inadequate reserves. Lack of accountability, lack of compliance and wasteful expenditure. There is a need to increase profitability. With my academic background and professional expertise, which gives the right foundation to oversee financial planning, monitoring, and reporting with accuracy and integrity. I'm confident of managing our club's finances effectively.

5. Educational & Professional Background

B.E. (Electronics & Communication) – VIT, Bangalore (2008)

M.B.A. (Finance & Marketing) – CBSMS, Bangalore University (2011).

Proprietor, Vivek Buildtech – engaged in construction and material supply to some leading firms in Bangalore.

With your support, I aim to bring the same commitment, transparency, and efficiency to the Treasurer's role as I have demonstrated in my past and current contributions to our club.

Thank you for your consideration.

Warm Regards,

Vivek N
